Unless stated otherwise below, the provision of your personal data is neither legally nor contractually obligatory, nor required for conclusion of a contract. You are not obliged to provide your data. Not providing it will have no consequences. This only applies as long as the processing procedures below do not state otherwise.

“Personal data” is any information relating to an identified or identifiable natural person.

Server log files

You can use our websites without submitting personal data.

Every time our website is accessed, user data is transferred to us or our web hosts/IT service providers by your internet browser and stored in server log files. This stored data includes for example the name of the site called up, date and time of the request, the IP address, amount of data transferred and the provider making the request. The processing is carried out on the basis of Article 6(1) f) GDPR due to our legitimate interests in ensuring the smooth operation of our website as well as improving our services.

Contact

Responsible person

Contact us at any time. The contact details of the person responsible for data processing can be found in our legal notice.

Proactive contact of the customer by e-mail

If you make contact with us proactively via email, we shall collect your personal data (name, email address, message text) only to the extent provided by you. The purpose of the data processing is to handle and respond to your contact request.

If the initial contact serves to implement pre-contractual measures (e.g. consultation in the case of purchase interest, order creation) or concerns an agreement already concluded between you and us, this data processing takes place on the basis of Article 6(1)(b) GDPR.

If the initial contact occurs for other reasons, this data processing takes place on the basis of Article 6(1)(f) GDPR for the purposes of our overriding, legitimate interest in handling and responding to your request.

In this case, on grounds relating to your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out on the basis of Article 6(1)(f) GDPR.

We will only use your email address to process your request. Your data will subsequently be deleted in compliance with statutory retention periods, unless you have agreed to further processing and use.

Collection and processing when using the contact form

When you use the contact form we will only collect your personal data (name, email address, message text) in the scope provided by you. The data processing is for the purpose of making contact.

If the initial contact serves to implement pre-contractual measures (e.g. consultation in the case of purchase interest, order creation) or concerns an agreement already concluded between you and us, this data processing takes place on the basis of Article 6(1)(b) GDPR.

If the initial contact occurs for other reasons, this data processing takes place on the basis of Article 6(1)(f) GDPR for the purposes of our overriding, legitimate interest in handling and responding to your request.

In this case, on grounds relating to your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out on the basis of Article 6(1)(f) GDPR.

We will only use your email address to process your request. Finally your data will be deleted, unless you have agreed to further processing and use.

Customer account Orders

Customer account

When you open a customer account, we will collect your personal data in the scope given there. The data processing is for the purpose of improving your shopping experience and simplifying order processing. The processing will be carried out on the basis of art. 6 (1) lit. a GDPR with your consent. You can withdraw your consent at any time by contacting us without affecting the legality of the processing carried out with your consent up to the withdrawal. Your customer account will then be deleted.

Collection, processing, and transfer of personal data in orders

When you submit an order we only collect and use your personal data insofar as this is necessary for the fulfilment and handling of your order as well as processing of your queries. The provision of data is necessary for conclusion of a contract. Failure to provide it will prevent the conclusion of any contract. The processing will occur on the basis of Article 6(1) b) GDPR and is required for the fulfilment of a contract with you.

We will comply strictly with legal requirements in every case. The scope of data transmission is restricted to a minimum.

Cookies

Our website uses cookies. Cookies are small text files which are saved in a user's internet browser or by the user's internet browser on their computer system. When a user calls up a website, a cookie may be saved on the user's operating system. This cookie contains a characteristic character string which allows the browser to be clearly identified when the website is called up again.

Cookies will be stored on your computer. You therefore have full control over the use of cookies. By choosing corresponding technical settings in your internet browser, you can be notified before the setting of cookies and you can decide whether to accept this setting in each individual case as well as prevent the storage of cookies and transmission of the data they contain. Cookies which have already been saved may be deleted at any time. We would, however, like to point out that this may prevent you from making full use of all the functions of this website.

Using the links below, you can find out how to manage cookies (or deactivate them, among other things) in major browsers:

technically necessary cookies

Insofar as no other information is given in the data protection declaration below we use only these technically necessary cookies to make our offering more user-friendly, effective and secure. Cookies also allow our systems to recognise your browser after a page change and to offer you services. Some functions of our website cannot be offered without the use of cookies. These services require the browser to be recognised again after a page change.

Processing is carried out on the basis of art. 6 (1) lit. f GDPR due to our largely justified interest in ensuring the optimal functionality of the website as well as a user-friendly and effective design of our range of services.

You have the right to veto this processing of your personal data according to art. 6 (1) lit. f GDPR, for reasons relating to your personal situation.

Advertising

Use of Google Ads conversion tracking

Our website uses the online marketing program "Google Ads", including conversion tracking (evaluation of user actions). Google conversion tracking is a service operated by Google LLC (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google").

If you are ordinarily resident in the European Economic Area or Switzerland, Google Ireland Limited (Gordon House, Barrow Street, Dublin 4, Ireland) is the controller responsible for your data. Google Ireland Limited is therefore the company affiliated with Google responsible for processing your data and for compliance with the applicable data protection legislation.

If you click on adverts placed by Google, a cookie is placed on your computer for conversion tracking. These cookies have limited validity, do not contain any personal data and thus cannot be used for personal identification. If you visit certain pages on our website and the cookie has not yet expired, we and Google can recognise that you have clicked on the advert and were forwarded to this page. Every

Google Ads customer receives a different cookie. It is therefore not possible to track cookies relating to the websites of Ads customers.

The information collected using the conversion cookie serves the purpose of producing conversion statistics. This allows us to find out the total number of users who have clicked on our adverts and were forwarded to a page equipped with a conversion tracking tag. However, they do not receive any information with which could be used to personally identify users.

Your data may be transmitted to the USA.

The data processing, particularly the placing of cookies, is carried out on the basis of Article 6(1)(f) GDPR due to our overriding legitimate interest in addressing visitors to the website with targeted, interest-related advertising. ***On grounds relating to your particular situation, you have the right to object at any time to this processing of personal data concerning you and carried out in accordance with Article 6(1)(f) GDPR.***

You can deactivate personalised advertising in Google's advertising settings. Instructions for this can be found at <https://support.google.com/ads/answer/2662922?hl=de>.

Alternatively, you can prevent the use of cookies by third parties by calling up the Network Advertising Initiative deactivation page at <https://www.networkadvertising.org/choices/> and following the further opt-out instructions specified there.

You then won't be included in the conversion tracking statistics.

Plug-ins

Use of social plug-ins via "Shariff"

Our website uses social network plug-ins. We use data protection-compliant "Shariff" buttons to ensure that you retain control over your data. No connection is made to the social network servers and no data submitted without your explicit consent. "Shariff" was developed by specialists at the computer magazine c't. It enables more personal privacy in the network and replaces the usual social network "share" buttons. You can find more information on the Shariff project here

<https://www.heise.de/ct/artikel/Shariff-Social-Media-Buttons-mit-Datenschutz-2467514.html>.

When you click the buttons a pop-up window appears, allowing you to log on with the relevant provider using your data. It is only after you actively login that a direct connection to the social network is set up. By logging in, you give your permission for the transfer of your data to the respective social media provider. At this time, information such as your IP address and which websites you have visited is transmitted. Should you be connected simultaneously with one or more of your social network accounts, the information collected is also assigned to your corresponding profiles. Therefore, you can only prevent this assignment by logging yourself out before visiting our website and before activating the button for your social media accounts. The social networks listed below are integrated with the "Shariff" function. You can find more detailed information on the scope and purpose of collection and use of the data, your associated rights and options for protecting your privacy in the provider's privacy policy via the link.
